Cloud Labs -> Start the Lab

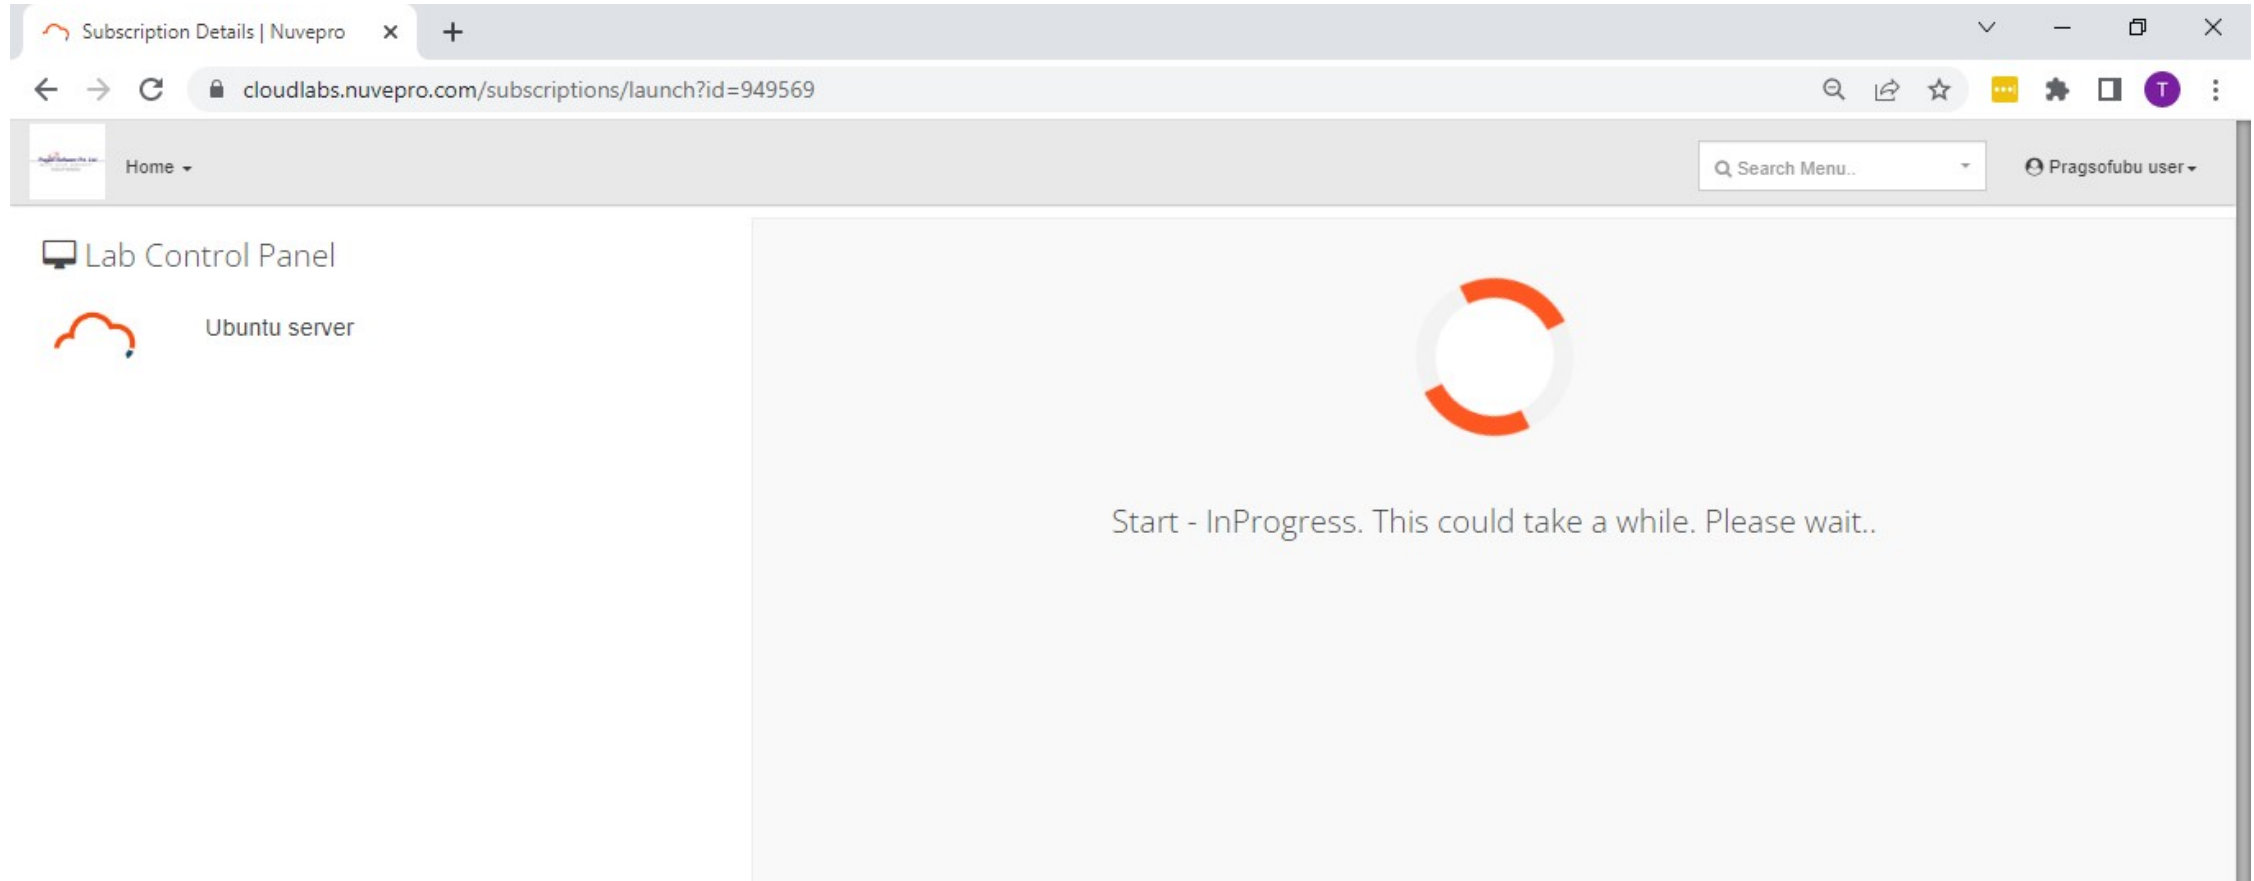

The screenshot shows a web browser window with the URL `cloudlabs.nuvepro.com/subscriptions/launch?id=949569`. The page title is "Subscription Details | Nuvepro". The interface includes a navigation bar with a "Home" link and a search menu. The main content area is titled "Lab Control Panel" and displays information for an "Ubuntu server". A green "Start" button is highlighted with a red arrow. Below the button, the "Latest Status" is shown as "Stop - Complete". A "Duration" section displays the following information:

Duration	
Total duration allotted	40 Hours(Active)
Consumed	0 hr(s) 3 mins
Expiry Date	25-06-2022

The main content area also features a warning icon and the message: "Lab not started. Please click on 'Start' button to start the lab."

Currently Lab is not started. We need to start it by clicking on **Start** button.

Cloud Labs -> Lab Starting Screen

Currently Lab is in starting process. It usually takes **45-60 Seconds** to start the Lab.

Cloud Labs -> Start Web Desktop

The screenshot displays the Nuvepro Cloud Labs interface. The browser address bar shows the URL `cloudlabs.nuvepro.com/subscriptions/launch?id=949569`. The page header includes a 'Home' dropdown, a search menu, and the user 'Pragsofubu user'. The main content area is titled 'Lab Control Panel' and features an 'Ubuntu server' icon with a 'Stop' button. Below this, the 'Latest Status' is shown as 'Start - Complete'. The 'Access Details' section lists the following information:

Access Details	
Server public IP	3.110.78.112
Server DNS name	uslabh356ogk.cloudloka.com
Login username	labuser
Login password	*****

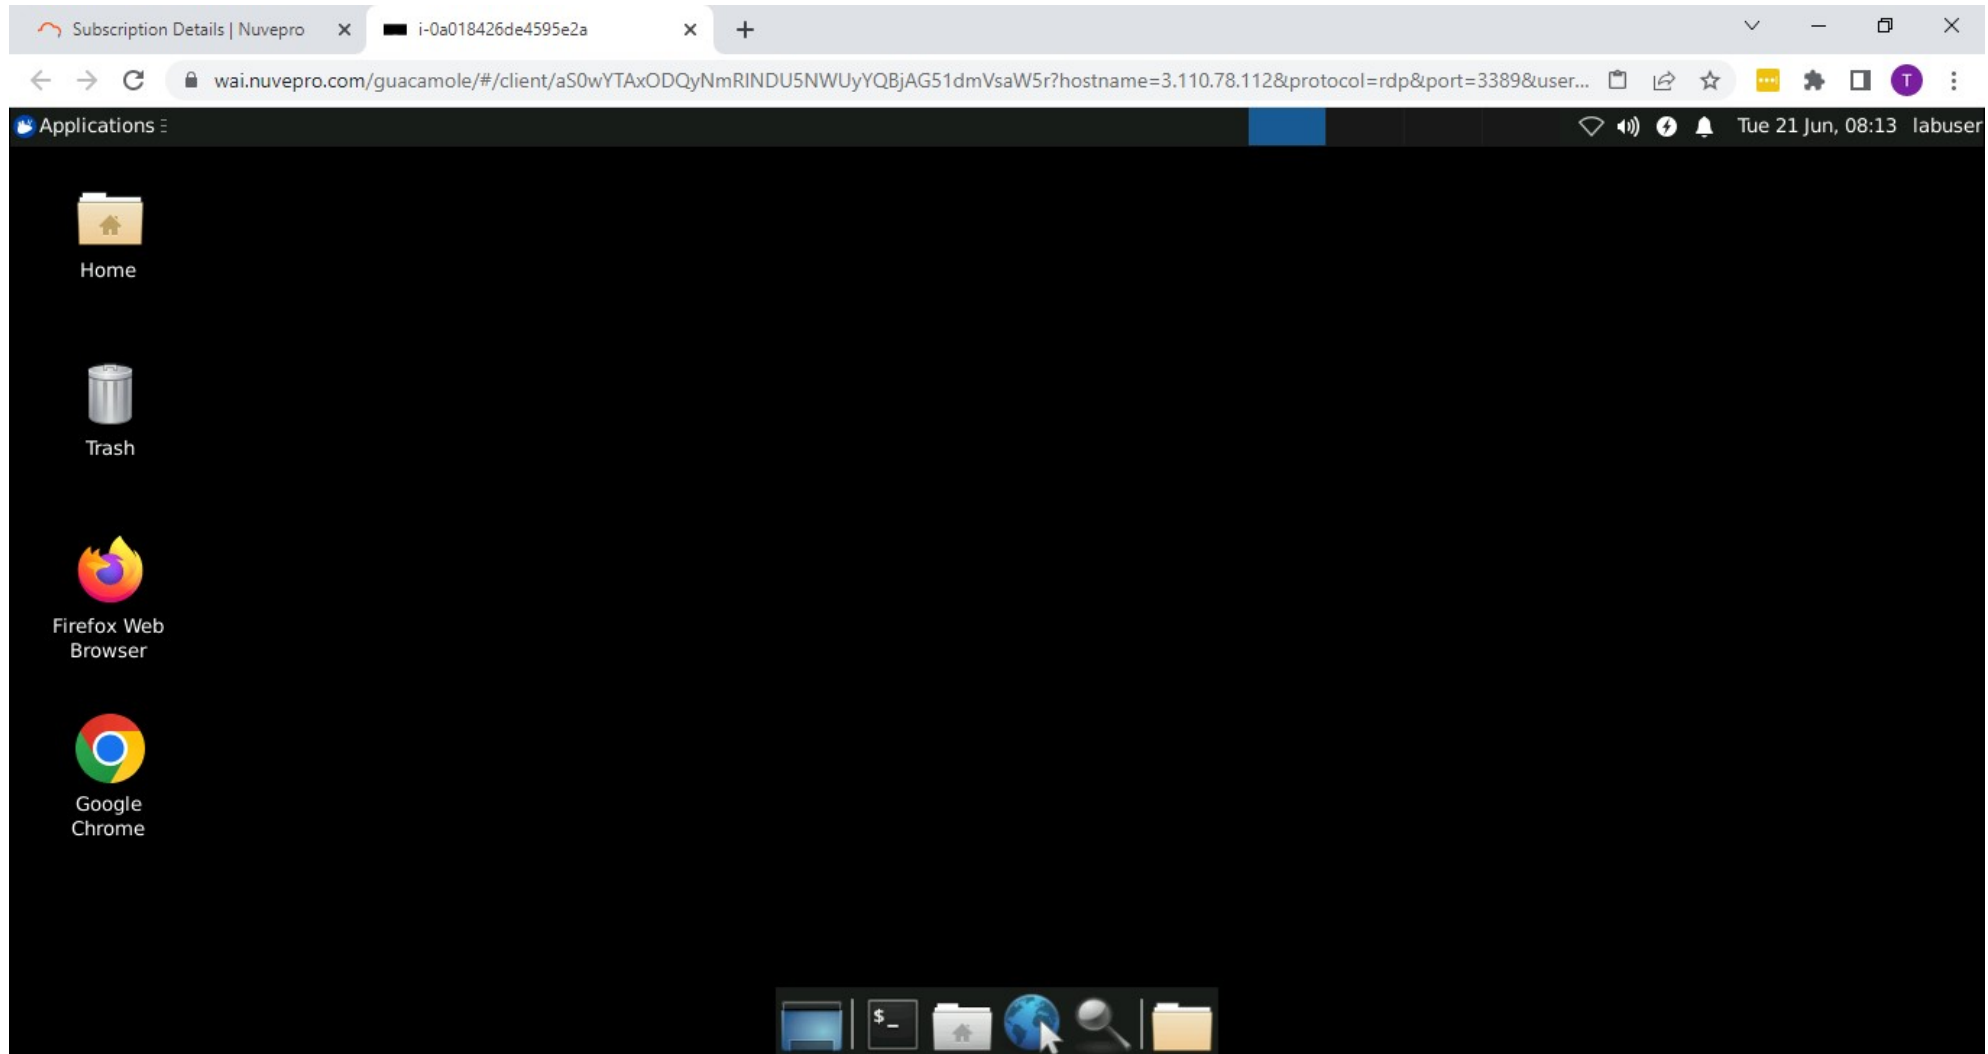

The 'Duration' section shows:

Duration	
Total duration allotted	40 Hours(Active)
Consumed	0 hr(s) 3 mins
<div></div>	
Expiry Date	25-06-2022

On the right side, there are tabs for 'Usage', 'Events', 'Feedback', 'Speed Test', and 'New Control Panel (Beta)'. Below these tabs, a 'Web desktop.' button is highlighted with a red arrow. A sidebar on the left contains a 'More Details' section with links to 'Policies', 'Resources', 'Instructions', 'Other Details', and 'Quota'.

Lab is now started. Now we must click on **Web desktop** button.

Cloud Labs -> Cloud Lab Actual Screen

Finally, we can see the **actual cloud Lab screen.**
